

PREPARING FOR THE COAL TIE-UP

NEW ARRESTS OF PROFITEERS ARE EXPECTED

(By Associated Press)
Washington, Oct. 30.—Many new arrests in a number of states for violation of the food and fuel control law are expected soon by the Dept. of Justice. Attorney General Palmer made it clear today that the government's prosecution with the coal strike had not slowed up the campaign to reduce living costs. Since the criminal amendments to the food and fuel control law have been added the Department of Justice has been preparing to prosecute cases on evidence previously obtained. As a result it was said that indictments might be expected soon throughout the country of persons guilty of hoarding and profiteering.

TO PROTECT MINERS WHO WISH TO WORK

(By Associated Press)
Denver, Colo., Oct. 30.—Mobilization of Colorado's national guard for the protection of miners who wish to work in case of a strike of coal miners on Nov. 1st was begun today upon instructions from the Governor. The national guard approximately 1200 strong is ordered to mobilize at Golden and Trinidad by Friday night.

FUNERAL NOTICE

The funeral of Mrs. Hepsie A. Pettigrew will be held at the home of her mother, Mrs. Anna M. Adams of North Kittery Friday afternoon at 2.30 o'clock.

Renewal of the Fuel Administration is Not Necessary as the Railroad Ad- ministration Has Full Authority to Distribute Coal to Essential Industries

MEN ORDERED TO RETURN TO WORK

(By Associated Press)
Youngstown, Ohio, Oct. 30.—The national strike committee at Pittsburgh has endorsed the stand taken by the Amalgamated Association of Iron, Steel and Tin Workers, that contracts with steel plants made before the strike shall be held inviolate and all the amalgamated men under such contracts have been ordered to return to work. It was announced today by G. H. Davis, President of the amalgamated who is here to see that the orders are carried out.

NOTHING CAN AVERT THE STRIKE

(By Associated Press)
Indianapolis, Oct. 30.—Backed by sentiment displayed in yesterday's conference of officials of the union the executive board of the United Mine Workers of America, met here today to finish preparatory work incidental to the coming strike of bituminous coal miners. No development could avert the strike. It was stated but some change in the attitude of the operators might result in shortening the tie-up according to union men.

(By Associated Press)
Washington, Oct. 30.—Revival of the Fuel Administration to deal with conditions drawing out of the coal strike is not necessary, Dr. Harry A. Garfield advised the President's Cabinet today holding that the war time powers of that body now are vested in the railroad administration which will have full authority to distribute coal to essential industries. Members of the Cabinet said that if Dr. Garfield's suggestions were adopted it would obviate the necessity of asking Congress for money to reorganize the fuel administration and the railroad administration could allocate coal in accordance with the preferential list during the war shortage two years ago. While revival of the fuel administration had been urged by the Government officials to prevent hoarding and profiteering the Department of Justice announced it has power to handle that situation under the Food Control Act. An executive order restoring maximum prices for coal will be issued by President Wilson probably today. Officials would not say what maximum had been determined upon. Dr. Garfield was at the White House before the Cabinet met in special session to put final approval in order to protect the public when the strike of miners goes into effect Saturday. Director General Hines also was summoned to give a detailed report of conditions confronting the railroad administration. Members of the Cabinet were particularly anxious to know how long the railroad stock of fuel would last and how rapidly coal was being moved from the mines. The preferential list under which coal may be allocated and distributed will stand without change except for elimination of ammunition plants, which in war time took a considerable part of the available supply. Protection for miners willing to remain at work in the mines despite the strike order was given serious consideration by the Cab-

inet. The general understanding is that the ordinary police force, state and local, will be used, but troops will be ordered to the mines if necessary. Secretary Lane announced as the cabinet met, that the government would not hesitate to curtail the consumption of coal in industries 50 per cent in order that the coal on hand and that available from unaffected non-union mines might be equitably distributed to essential industries. The curtailment used by the war industries board during the war would be taken as the basis for the industries to be supplied. Mr. Lane said. Plants engaged in manufacturing ammunition might be cut off altogether. The current supply of coal from non-union mines is sufficient to meet domestic demands and supply the needs of railroads and other utilities Mr. Lane said. New England has stored away a two months supply which will take care of all the demand for that period.

BOLSHEVIK LITERATURE CAPTURED

(By Associated Press)
Helsingfors, Oct. 30.—What is described as a Bolshevik "mystery ship" carrying a cargo consigned to "the American legation, Stockholm, en route to American museums" has been captured by a British destroyer in Finnish waters and taken into Ojamo. Under a cargo of Box, it is said was found a mass of Bolshevik literature printed in English, French and German. There was also a valuable collection of art objects and films denigrating Soviet conditions.

CONFISCATION OF COAL WHERE NECESSARY

(By Associated Press)
Washington, Oct. 30.—The Railroad Administration today ordered the confiscation of all coal in transit where necessary to obtain a reserve supply to keep the roads in operation. In taking over such coal exemptions will be made as far as possible of coal destined to certain classes of consignees named on the priority list established by the Fuel Administration.

PROVIDE FOR DEPORTATION OF ANARCHISTS

(By Associated Press)
Washington, Oct. 30.—At the request of Attorney General Palmer the Senate Immigration Committee today ordered a favorable report on the House bill providing for deportation and permanent exclusion from the United States of alien anarchists. The house measure provides for deportation of aliens interned during the war in addition to anarchists and also those convicted of violating the espionage, draft, explosion and other laws. Aliens making threats against the President also would be subject to the bill's provisions which would make final any deportation decision of the Secretary of Labor. Attorney General Palmer advised the committee that immediate enactment of the bill was necessary

NOTED AUTHOR AND POETESS PASSES AWAY

New Haven, Conn., Oct. 30.—Mrs. Ella Wheeler Wilcox, author and poetess, died at her home in Branford today. Mrs. Wilcox had been ill for some months, having had a nervous collapse while she engaged in war relief work in England.

because of present conditions. The bill affects four women and about 500 men now interned as dangerous aliens according to Attorney General Palmer. "Included among those interned," the Attorney General wrote, "are revolution radicals, convicted criminals, individuals with long police records, anti-American propagandists, and individuals known to be, or suspected of being, enemy agents. Unless this bill is passed, or a bill similar in character, is passed, it will be come necessary on the ratification of the treaty of peace to get rid of all these dangerous individuals."

RELIEF PARTY OBLIGED TO ABANDON WORK

(By Associated Press)
Steubenville, Ohio, Oct. 30.—After battling their way to 150 feet of where 20 miners have been in prison since yesterday morning, rescue workers were ordered out of the Y. & O. mine at Amsterdam, Ohio, at 1.00 this morning by mine officials and state mine inspectors, who feared an explosion might occur, according to word received here. Hope has been abandoned that the miners are alive.

DANCE AT ELIOT

The "Some Orchestra" will give another of its pleasing dances at Orange Hall, Eliot, Thursday evening, Oct. 30. Nothing but a good time will be the aim of the evening. Late cars to the party of dance to get free all these, and from Portsmouth. Dancing 8 to 11.30.

THE MISSION OF THE EPISCOPAL CHURCH OF TODAY

Come to Saint John's Church, Chapel Street, and Hear
The Rev. Harvey Officer

ORDER OF THE HOLY CROSS

Probably the Most Noted Missioner of the
Episcopal Church in America

Who will preach a Mission, Sunday Night, Nov. 2d,
through Sunday Night, Nov. 9th.
Each Evening at 7.30.

Cut the Coal Bill

Coal will probably be high and scarce this winter. So during the Fall, before heavy winter sets in, use a Perfection Oil Heater instead of the furnace.

The Perfection is as portable as a lamp. It creates the heat right on the spot—at the very place it's needed. It chases chills and warms cold corners.

No soot, ashes or dust-pans with the Perfection Heater. Convenient, safe, odorless, economical—burns 10 hours on a gallon of kerosene. Easily filled and re-wicked. 9,000,000 now in use.

Use SOCONY kerosene for best results.

STANDARD OIL COMPANY OF NEW YORK

MEN TO LOOK UPON WOMEN AS THEIR EQUAL

Tokio, Oct. 29.—School regulations just promulgated at the commercial and industrial school of Keio University advised the young men to look upon women as their equals, treat them with consideration, and choose their wives with a view to moral affinities. The Keio University has recently been opened to women.

For the first time, also, women are being employed in the Department of Foreign Affairs for typewriting.

KITTERY

Kittery, Oct. 29.—Mrs. Annette Hooper of Middleford, grand secretary of the Grand Chapter of Maine, Order of the Eastern Star, paid a visitation to Pleasantville Chapter on Wednesday evening. A large number were present including visitors from North Berwick, South Berwick and Portsmouth. A chicken supper was served before the meeting.

The Norse Camp Fire Girls met on Wednesday afternoon with Miss Bernice Farrington of Echo street.

Miss May E. Brown of Oak Bank was a visitor in Dover on Wednesday. Mr. and Mrs. Chester Caswell are

moving from Olla avenue to the house on Newburgh street which they recently purchased.

The Halloween Social which was to have been held this week at the People's Society building, has been postponed.

John Adams of Bridgeport has been at his former home at North Kittery the past two weeks, called here by the illness of his sister, Mrs. B. E. Pettigrew.

Quincey are now ready at the Parson's green house.

The many friends here of Frank M. Smith of Springfield, Mass., formerly of Kittery, will be sorry to learn that he is quite ill in a hospital there.

Edward H. Remick of Main street has been the recent guest of his son, Howard Remick and family at Marblehead, Mass.

Mr. and Mrs. Harry Remick of Lynn have been the recent guests of the former's sisters, Misses Fannie and Edith Remick.

Mrs. Ida J. Manson of Echo street returned home from Taunton, Mass., on Monday evening having been called there by the sudden death of her brother, Fred O. Hart, whose body was brought to Greenland for interment on Tuesday.

WOOD TO MACHINE saw. Also hard wood for sale \$14.00 per cord saved and delivered. Wolf Blodgett Phone 1359-W. So. Berwick, Me. h 1m 3m 25

Mrs. George E. Webber has returned to her home in Lynn after visiting her parents here.

Rev. F. E. Briggs of Scarborough, Me.

was the guest on Tuesday of his daughter, Mrs. Haines of Central street.

Mr. and Mrs. Chester J. Wheeler entertained a party of friends recently with a venison supper. Among those present were Senator Oliver H. Marsh, Major Chauncey B. Hoyt, Miss Mary Ann Oliver Marsh and Philip Marsh.

Chester P. Wheeler, the little son of Mr. and Mrs. Chester J. Wheeler of the Intervene, celebrated his birthday anniversary yesterday and entertained a number of his young friends. Games and various diversions made the time pass happily and one of the pleasing incidents of the afternoon was the birthday treat of fancy cake, candy, mixed nuts and ice cream.

A very enjoyable wild party was given on Wednesday evening at the home of Mrs. Lewis on Commercial street. The winner of first prize was Miss C. Drury of Portsmouth and the trophy was given to Mr. George Wenzell. After the game refreshments were served and the guests departed, all expressing their appreciation for a very pleasant evening.

ROT CUTS N. H. POTATOES 25 P. C.

Concord, N. H., Oct. 29.—Rot has spoiled about 25 per cent of the potato crop of the state, according to reports coming in from all sections. In some instances 50 to 75 per cent of entire fields have been spoiled by rot. The total potato crop of the state is 2,508,000 bushels.

FISHERMAN ROWS 80 MILES TO SHORE

Nantucket, Oct. 29.—Three fishermen of the crew of the schooner Reading rowed 80 miles to safety. They reported three others of the crew were adrift somewhere off shore.

The men who landed here were nearly exhausted. They had been rowing since yesterday morning, when their dory and another became separated from the Reading in thick weather. The other dory accompanied them until last night, when they lost sight of it.

The men who reached here were T. Morrissey, D. Nibore and Reuben Dindrow.

KITTERY POINT

Kittery Point, Oct. 29.—A very pretty home wedding occurred at Kittery Point last evening at 6:15 o'clock when Miss Clara Powell Dorr, daughter of Mr. and Mrs. Joseph Fred Dorr became the bride of Arthur Thomas Terry of this place. The ceremony was performed by Rev. Miles Park in the parlor, amid decorations of the autumn season. The double ring service was used. The bride was given in marriage by her father. The wedding march was played by Mrs. Fred Dorr. The bride and groom were attended by Miss Bertha Emory and Earl Emory, cousins of the bride. The bride was crowned in white deeps de chene with pearl trimmings and carried a bouquet of white chrysanthemums. The bridesmaid wore pink silk. After congratulations from their many friends to the happy couple, a reception and repast followed. They were the recipients of many wedding gifts. The bride's going away gown was of brown erape de chene, brown coat and velvet hat to match. The couple left for Ontario, Canada, where they will spend their wedding trip with Mr. Terry's sister. Upon their return they will take up residence in this place. Mr. Terry has recently returned from France and is employed in the U. S. & T. Railway Co.

Rev. E. D. Gilbert of Fall River, Mass. will speak in the interest of the Forward Movement of Christian church denomination at 2 o'clock on Sunday afternoon at the First Christian church.

Miss Myrtle Lewis of Manchester attended the Dorr-Terry nuptials last evening.

Frank Davis has returned home after spending a few days in Boston.

Frank Seaward of Wells, Me., spent yesterday with Mr. and Mrs. Charles Perry.

A harvest supper under the direction of the Ladies Aid Society of the First Christian church will be held at the parsonage this evening from 6 to 8.

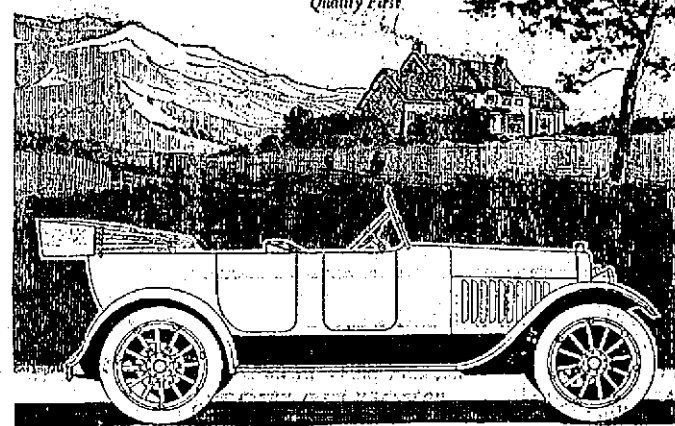

Miss Betty Putnam of York was a visitor in town last evening.

A number from this place are planning to attend the sale and entertainment given by York Rebekah Lodge at Kittery this evening.

Why Other Makers Will Imitate The Hot Spot Chalmers

QUALITY has long been the common denominator of Chalmers' motor cars, but the great story to be told about this car today is not so much in the materials, or the men who make it, but in methods.

One single idea—the product of many, clever engineering minds—has developed Chalmers to an almost unbelievable point.

This idea is expressed in Hot Spot and Ram's-horn.

Each costs but little to build but what each does is tremendous.

They take all the power out of gas that nature put in.

No other car does with but one exception and that one is by permission a copy.

If the main function of Hot Spot and Ram's-horn were, only to save gas there would be little to tell. But they so remove the throb, the vibration of the engine that they create a new kind of power.

Like in the case of the man who invented the multiplication table, Hot Spot and Ram's-horn sooner or later will come into popular use. Why wait to get this advanced type of engine? Two years from now you may buy one like it in many cars.

NOW CURING RHEUMATIC SOLDIERS

Bucharest, Oct. 29.—The famous salt baths of Salsburg, where the millions of Austria, Hungary and the Balkan states used to spend their summers, are now curing rheumatic Rumanian soldiers.

Stripped of all their luxurious furnishings during the war, the Salsburg baths have just been refitted with the aid of the American Red Cross for use as a military hospital for chronic rheumatism resulting from trench warfare. Five hundred soldiers are already there, recovering from rheumatism and similar diseases contracted while undergoing the hardships of war.

In times of peace, thousands of tourists visited Salsburg; high up in the Transylvanian Alps, southwest of Kronstadt.

Many came for the dazzling social life. With its magnificent hotels and gay casinos it was perhaps the chief show place of eastern Europe. When the Germans pushed the Rumanians out of this district early in the war, General Mackensen and his staff took possession of the town and staged luxurious revelry there. When the Germans left they looted the place, stripping the hotels of tapestries, furniture and brass fittings. Even the equipment for the medicinal baths was wrecked.

Under the direction of Major George C. Broadwell of Albany, N. Y., and several American physicians, the baths were refitted sufficiently to care for the soldiers.

ASSESSORS INVITE ELEVEN MAYORS TO ANNUAL MEETING.

The ninth annual meeting of the association of New Hampshire assessors will be featured by the presence of the mayor of every city in the state. The invitation of the association is accepted by the executives of the 11 municipalities of the state. The association will meet in Man-

chester on Dec. 17 and 18 and it is expected to be the most largely attended gathering in the history of the association. An unusually fine program is being arranged and a list of speakers that includes names of national reputation in the field of finance and taxation is in process of selection.

COAL MINERS WILL GO OUT ON A STRIKE

(By Associated Press)

Washington, Oct. 29—The government confronted with the refusal of the United Miners to call off the strike of the half a million miners scheduled to take effect at midnight Friday moved swiftly to protect the public from apparently the great disaster. The first of many steps to deal with the admittedly grave situation, will be—

Ample police protection for the miners who would remain at work and comply with the request of President Wilson.

The revival of the Fuel Administration and with its full war-time powers to fix prices etc.

The all location and distribution of coal to homes, railroad and essential industries so that the people will not suffer.

Every effort will also be brought to bear to bring the strike to a speedy conclusion.

The government will not make any move to bring about the indictment of the officials of the coal miners who have called the strike on the ground of conspiracy to bring about a shortage in necessities.

Government officials report that from confidential sources it is learned that not all of the miners will obey the order to walk out. That public sentiment is overwhelmingly opposed to the strike being called at the very beginning of winter and predict that it will have a short duration.

One decision of the Coal Administration was to recommend to the President the re-establishment of the maximum prices on coal which prevailed before the fuel administration went out of office. These prices are considerably over those that prevail in some places now. It is considered certain that the President will comply with the request which means that a substantial reduction in soft coal will become effective at once even on long time contracts.

The H. C. Garfield Fuel Administrator, in a statement tonight in regard to the prices of coal said that he would recommend to the President to narrow action on the prices and to prevent hoarding. The government will act under the Levy law which is still effective as a war-time measure.

Indianapolis, Oct. 29—After ordering the strike of the soft coal miners carried into effect, and blaming the operators for forcing a walk out which will involve directly at least half a million coal miners, the conference of the officials and wage scale committee of the United Mine Workers dissolved and the district presidents and wage committee members left their homes to take charge of the strike.

Only a new wage scale agreement to replace the one which the miners claim has been run out with the signing of the armistice, will have any effect upon the strike.

The Leaders point out in a statement issued that a call from the coal miners for a conference to consider the conditions laid down at the Cleveland conference will find the miners ready to accept some agreement on the wage and four question. These and other points were set forth fully in a statement issued following the conference by a special committee. The statement is characterized as the final word in the matter and Acting President J. L. Lewis referred questions to the statement as embodying anything that could be said on the part of the unions.

The statement brought out that no official communication had been received by the Union from the President and all the information they had on the President's attitude in the matter was gained from the newspapers.

St. Louis, Oct. 29—Thomas Brewster, chairman of the committee of Mine Operators, tonight reiterated his statement that the mine owners would not make any effort to operate the mines after the strike had been declared and said that they would gladly re-open their conference with the miners if the strike was called off.

Washington, Oct. 29—Federal Fuel Administrator Harry A. Garfield discussed the threatened strike of bituminous coal miners today with Secretary

Timothy of the White House. He was summoned here from Williams College, of which he is president. Dr. Garfield, who still has authority to function as Fuel Administrator, said he was in close touch with the strike situation.

The Fuel Administrator would not discuss his conference with Mr. Timmity, but his visit to the White House revived suggestions that the Fuel Administration might again be called into existence to exercise the war-time control over fuel provided for in the Lever act.

While actively serving as administrator, Dr. Garfield was instrumental in bringing about the so-called Washington wage agreement, which expires April 1, 1920, or at the end of the war, and which, it has been contended, would be violated if the miners strike.

ARRESTED FOR LAWRENCE MURDER

Ipswich, Oct. 29—Leon Tabor, 29 years old, charged with the murder of Mrs. Mary Partum, aged 31, of Dracut on Sept. 5, was arrested here yesterday by Edward Leonard, chief of police, and delivered into the custody of Pollen Chief Conroy of Dracut last night.

When arrested Tabor was working in the Ipswich mills, where he had been since Sept. 10. It is said, he and Mary Partum had both been working in a Lowell mill. The last time the woman was seen was on the morning of Sept. 5, when she presumably started to go to work in Lowell.

This following day, the police say, Tabor drew his pay at the Lowell mill and disappeared. He had lived in Ipswich and worked in a mill here in 1913 and it was thought he might come back here, so the police were notified and have been watching for him. Chief Leonard had his description and for about a week was feeling if new employees in the different factories.

SUGAR SHORTAGE DUE TO ERROR OF JUDGMENT

(By Associated Press)

Boston, Oct. 29—An explanation of the cause of the sugar shortage was advanced by General Sherburne in an address to the Bakers in convention here. He said it dates back to July when before figures were available somebody made an error of judgment. The men on the Sugar Equalization board had become frightened at the amount of sugar in sight and they permitted 150,000 tons of the Cuban crop to be exported and then allowed jobbers to buy and export another 100,000 tons, so that there had been a loss of 250,000 tons which might have been available. He predicted that the price of sugar would not be increased and that thirteen cents would be the prevailing price next year.

AMENDMENT KILLED BY THE SENATE

(By Associated Press)

Washington, Oct. 29—The forty-six amendments to the peace treaty passed out of existence today when the Senate killed the last of the amendments, that of Senator George H. Moses of New Hampshire to equalize the voting in the League of Nations. The senate then passed two more motions to change the text of the treaty, one presented by Senator Sherman to mention the Diet in the Preamble and another by Senator Johnson as a new solution to equalize the voting strength in the Council.

TWO MEN SHOT IN LIQUOR RAIDS

(By Associated Press)

New York, Oct. 29—Two men were shot tonight in the first raid in this city by the Federal officers to enforce the new prohibitory law enforcement act. The officers entered a crowded saloon at 42nd street and in the ensuing mix up the shots were fired.

SUGAR CARGO AT BOSTON

A cargo of 5,080,000 pounds of raw sugar from Palo Alto, Cuba, reached Boston Wed. on the steamship Lok Whithrop. It is consigned to the American Sugar Refining Company, an makes the aggregate amount of sugar received by sea in Boston this month 10,600,000 pounds.

It is the eighth large sugar cargo received here since Oct. 5, and three more shipments, totaling 15,000,000 pounds are due within a few days, so that total receipts for the thirty days that will end on Nov. 6 will approximate 27,824,000 pounds.

PRINCE ALBERT
the national joy smoke

PLAY the smokegame with a jimmypipe if you're hankering for a hand-out for what ails your smokedppetite!

For, with Prince Albert, you've got a new listen on the pipe question that cuts you loose from old stung tongue and dry throat worries! Made by our exclusive patented process, Prince Albert is scotfree from bite and parch and hands you about the biggest lot of smokefun that ever was scheduled in your direction!

Portsmouth, N. H., Thursday, October 30, 1919.

The Issue in Massachusetts.

This is the closing week of the Massachusetts state campaign, and the campaigners are exceedingly busy in their endeavor to rouse the voters to action and line them up on their respective sides. The issue is such as to command attention and interest far beyond the bounds of the state, and prominent speakers from outside of Massachusetts are taking part.

The issue is not simply whether this party or that party shall hold the offices. It is whether constitutional government shall remain supreme or give way to class rule, the domination of affairs by classes for the benefit of classes in places of government of the people, by the people and for the people.

This issue grew out of the Boston policemen's strike and is clearly understood. That strike meant, if it had been successful, a divided allegiance on the part of officers of the law whose sworn duty it was to protect the public against assaults or encroachments from any quarter. When the policemen's union decided to affiliate with the American Federation of Labor the authorities at once recognized the danger involved and prohibited the step. A strike followed and for a time the city of Boston was in the hands of a mob of terrorists. The State Guard was called out and order was soon restored, but the strikers did not recede from their position and were pronounced deserters and dropped from the force.

Governor Coolidge stood firmly behind Commissioner Curtis and Mayor Peters in the course they took, and this position he still holds. His Democratic opponent takes the policemen's side of the case, consequently the issue is clean-cut and perfectly understood by all the voters of the state.

And it is an issue that is practically of as much interest in every state as it is in Massachusetts. That is why there is such widespread interest in the outcome of the election to be held next Tuesday. The re-election of Governor Coolidge will mean that the people of Massachusetts stand for the supremacy of the law over all forces and combinations whatsoever, while the success of his opponent would constitute a vindication of the policemen's strike and the theory that classes of citizens have a right to ignore the restraints of the law when these interfere with their aims and desires.

The situation was succinctly summed up at Brockton a few nights ago by Governor Burnquist of Minnesota, who in an address at a Republican rally said: "The election in Massachusetts this year is more than a local election. It is an election of national significance. It is one in which people all over the country are interested because of the issues involved. The result will have a great effect upon the preservation of law and order, not only here, but in other commonwealths of the nation."

That is true, and as a consequence the outcome of the contest will be eagerly awaited in all parts of the country.

If conferences will do the business industrial unrest should soon subside. There have been two international labor conferences in Washington this week in addition to the international gathering provided under the League of Nations. But it begins to look as if something more than conferences would be necessary to restore industrial conditions to normal.

The plans for the new fire station promise a building that will be a credit to Portsmouth and of large value in the protection of property against the fire fiend. Money expended for this purpose is well invested and the men of the fire department should be supplied with every facility for their important and hazardous work.

There is talk in Manchester of raising the price of milk, which for the past year has been 15 cents a quart. If this is done consumers will be liable to feel that the farmers are sharing at least to some extent the proceeds of the high cost of living.

"Direct action" is coming to be a more or less familiar term in connection with labor matters. If it comes there will be "direct" and very unpleasant consequences. It is one of the things which may well be postponed for the good of all concerned.

It is reported from Washington that the opinion is becoming general there that President Wilson will not be a candidate for re-election. That opinion has been general among men of good judgment throughout the country for a long time.

There are indications that the government is not idle in connection with the threatened coal strike, and that if it comes there may be unlooked-for and interesting developments.

President Wilson, like most of the other anti-prohibitionists, was a little too late. The time to have dealt with "bone dryness" was when it was an issue.

ITALIAN PAPER MAKES ATTACK ON WILSON

(By Associated Press)

Rome, Oct. 28.—The Tribuna makes another attack on President Wilson and the American government in connection with an article on Italian claims. Complaint is made by the newspaper that the United States Land League forced men, arms and money into Europe, but that Italy got none of these. "Italy," the Tribune says, "saw no American armies on her battlefields and saw no golden rivers except crumbs remaining from what was given to other countries brought to the Red Cross. There were no other signs of the Star Spangled Banner. After fighting alone," the newspaper adds, "Italy conquered her traditional enemy. One man, then arose and denied her the fruits of victory, a man who had nothing to do with Italy during the period of neutrality or war, nothing to do with the agreements concluded with the Allies, nothing to do with the sorrows and deaths which had 'led Italy to war.' 'It is possible,' says the Tribune, 'to allow this man to weigh on Italy's future causing internal and international disaster.' The article closes with an appeal to 'the moral conscience of the civilized world and above all to the moral conscience of the people.'"

EDITORIAL COMMENT

More Dollar Marks in Wages

(From the New York Sun)

Leonard Hickey, who, as labor expert and industrial investigator, had been making an exhaustive study of rising wages and rising living costs, died just before his book on the subject came from the press. Apparently he thought he had an astonishing story to tell with his charts and diagrams and percentage tables, showing, as he aimed to show, that in this period of inflation wages had not risen high enough to catch up with the rising cost of living.

But if Mr. Hickey had lived past the publication of his work he would have learned that in this laborious discovery of his there was no surprise for anybody with a clear head; no surprise for any worker with common sense enough to draw rational conclusions out of actual experience. Anybody might as well be astounded to discover that he cannot pull himself up by his boot straps.

In the classroom or in the workshop it is an impenetrable brain which has not come to realize after our course in the present inflation that higher and higher wages have had no chance to catch up with mounting living costs for the very reason that it is higher and higher wages which have been for the most part driving the living costs still higher above the vainly pursuing wages.

Wages—expressed in mere dollar marks—might go from an average of \$5 a day to an average of \$10 a day; they might go to an average of \$50 a day; but as long as production decreased, or even made no gain, those higher wages, as expressed in mere dollar marks, would never buy as much as the lower wages bought.

With 100 per cent. of American effort, 100 per cent. of American production in a work day, American wages could remain where they are and still give the men who earned them more in food, clothes, fuel, shelter—all necessities—than they have gained by our pumping empty dollar marks into the wages of labor which does not produce. American workers could themselves cut their wages, as expressed in the mere dollar marks, and yet get more real pay if they speeded up production.

We don't eat dollar marks. We don't eat wages. We eat and wear and otherwise use the things into which we exchange our work and effort. We consume production. If we don't produce it we cannot have it to consume no matter how high we pump wages or how often we multiply their mere dollar marks.

CAPT. WYMAN SOON TO BE TRANSFERRED FROM NAVY YARD

Has Been a Most Popular Officer and Hard Worker for the Industrial Dept.

Capt. H. L. Wyman, assistant industrial manager at the Portsmouth Navy Yard, is in receipt of advance information regarding his detachment from this station next month. His successor is said to be Capt. Charles P. Snyder. It may be said in the departure of Capt. Wyman that the station will lose one of the best officers who has served here in the history of the yard, and is regretted much by the yard employees in general.

Captain Wyman was assigned here in 1916, coming from the U. S. S. "Admiral." He was peculiarly fitted for the position he held. He has always proved patriotic and public spirited, exercising every prerogative and authority to help the Portsmouth Navy Yard, its employees and the city of Portsmouth. No request from any workman or officer was too trivial for him to consider and every one has enjoyed his good will. He did much to uphold the good reputation of the yard

as a product of first class work. He will conclude his duties here with the best wishes of every acquaintance at the Navy Yard and in Portsmouth.

NAVY YARD NOTES

They Meet Tonight

The first meeting for the purpose of organization of the members of the Naval Reserve Force attached to the 1st Naval District and residents of Greater Boston will be held this evening at 8 o'clock in Mechanics' Building, Huntington Avenue.

Matters of vital interest to the Naval Reserve Force as planned by the office in charge of the United States Naval Reserve will be discussed. Capt. William H. Edgar, U. S. N. R. E., who will command the brigade of the district, and Commander W. W. Hanway, U. S. N. R. E., battalion commander of Greater Boston, will speak.

No Excess Foreign Currency.

On account of the disruption of the money exchange, supply officers are advised by the Navy Department not to carry foreign currency in excess of monthly requirements.

Goes to the Naval Reserve

The Lockwood basin at East Boston, used during the war as a repair yard for vessels of the 1st Naval District, has been turned over to the Naval Reserve for use.

On Duty at Boston

Lieut. Daniel C. Dowling and Lieut. Henry H. Hudson formerly at the local yard and well known in this city, have been assigned to the office of the captain of the yard at Charlestown.

Three More Gone

The orders placing Dr. John H. Dixon and Dr. John M. Edgar on the inactive list arrived at the Charlestown yard on Wednesday. Lieut. Ripley, who has been district recorder during the war, is also to go on inactive duty.

Tree Damages Roof

A big tree blown down by the wind on Tuesday at the Charlestown yard crashed through the roof of the rope walk and earings shed.

Slight Cut for November.

In making the allotment for the industrial Department of the local yard a slight cut has been made for the month of November. Under construction and repair the sum total of \$85,000 is awarded, \$45,000 for labor and \$20,000 for increase of navy. This month the bureau allowed \$7,000 more. The balance of steam engineering gives for November a total of \$67,000 of which \$57,000 is for labor and \$10,000 for increase of navy. This month, steam machinery work had \$8,000 more than the November allowance.

Has New Skipper.

Capt. John G. Clinch has reported at the local yard where he will take command of the U. S. S. Des Moines, relieving Lieut. Comdr. S. L. H. Hazard.

Eagle Boats to Be Docked.

The arrival of the several eagle boats will mean quite an extensive program of dry docking. In order that each boat be properly cared for while out of commission it will be necessary to place them in the dock for such work as a protection to the machinery and hull.

Owing to much docking of other ships, the Ford product is likely not to go in the basin before the last of January or the first of February.

Frederick Arrives.

The U. S. S. Frederick arrived in the lower harbor this morning where she will remain until a berth is made for her at the yard.

Sent Here for Court Martial

An officer from the reserve corps arrived on the U. S. S. Des Moines having been sent to this station from France for a general court martial.

Two Firemen

Two firemen for the power plant were required today. More general helpers can find employment following registration.

Fifteen From Eagle Boats

A detachment of 15 men from Eagle boat 39 were sent to the receiving ship Sonthery today for new ratings, discharges, etc.

WANTED CADDIE JOBS IN WHITE MOUNTAINS

John Campbell and Walter McGonigle, both 15 years of age, of Boston, have just learned that golf is not a winter game. They reached Concord on Tuesday on their way to the White Mountains where they expected to take the links by storm as caddies.

All they had was a vague idea of the duties of caddies and were somewhat surprised to learn that the golfing season was over.

The police rounded up the youngsters and upon questioning them learned that they had run away from home. They were returned Wednesday.

ELIOT MAN ELECTED.

Calvin Staples of Eliot was elected third vice president of the Maine seafarers of weight and measures association at the session held at Augusta on Wednesday. A banquet was a feature of the gathering.

"A GOOD MANY HYPOCRITES IN CONGRESS"

(By Associated Press)

New York, Oct. 30.—Magistrate Dale sitting in a Brooklyn police court today pronounced sentence on a man convicted of drunkenness on the ground that "a good many hypocrites in Congress have created a condition whereby a good many Americans will be deprived of their personal rights."

PEOPLE'S OPINIONS

What's Coming Next?

What will be the next move? Reformers now ask that the tobacco fields be given up and planted with farm produce.

It does seem that there is plenty of land for cultivation in this country without taking over tobacco plantations.

Once more Mr. Editor, we see the word "Free" further disappearing from the sentence "Land of the Free."

We can look for a world wide curfew to clear people from the streets after 3 p. m.

Why not make all the blue laws effective and go back to the middle ages? There is one thing left which may bring relief to the people and that is the ballot on election days. Unless the voter uses his head and marks his ballot regardless of politics he can expect nothing but the enactment of laws that are antagonistic.

It is amusing to study the work of some reformers who believe and live one way and vote and act another.

ONE OF THE COMMON PEOPLE

DISTRICT CONFERENCE.

A district conference under the direction of the education and thrift committees of the New Hampshire Federation of Women's Clubs will be held at the Episcopal parish house at Sanbornville on Friday by invitation of the Wakefield Literary Club. The morning session will be presided over by Mrs. Howard Parker, chairman of the education committee. The exercises will include address of welcome by Mrs. L. S. Edwards, president of the Wakefield Literary Club; addresses, music, questions and discussion. Luncheon at the noon hour with hot coffee served by the hostess club. In the afternoon, Mrs. Charles H. MacDuff, chairman of the thrift committee, will preside. The program will include music, an address on "Citizenship" by Mrs. Nancy M. Schoonmaker of Hartford, and on "Thrift" by Mrs. Mary L. Wood of this city, chairman of the New Hampshire division. "The Economic Value of Public Health Work" will be the address given by Robert D. Kerr, M. D., followed by questions and discussion.

OBSEQUIES

Mrs. Rhoda J. Brown

The funeral services of Mrs. Rhoda J. Brown was held from the home on the Woodland Road in North Hampton Wednesday afternoon at 1 o'clock. Rev. Edgar Warren, pastor of the

Christian church officiating. The church choir rendered two selections, "One by One," and "Shall We Meet Beyond the River." The bearers were George A. Boynton, Irving W. Brown, Eunice T. Brown and Fred A. Drew. The interment was in the family lot in the Christian church cemetery under direction of J. Verno Wood.

Annetta Christ Royle

The funeral services of Annetta Christ Royle, young daughter of Mr. and Mrs. Christ Royle of No. 44 Bridge Street, was held from Christ church Wednesday forenoon at 11:30 o'clock. The interment was in Sagamore cemetery under direction of J. Verno Wood.

VIOLATORS OF THE WEBB-KENYON ACT FINED AT CONCORD

Number of Women Among the List in the U. S. District Court.

In the October session of the United States district court transferred from this city to Concord, several violators of the Webb-Kenyon act appeared on Wednesday. A fine of \$15 and costs was imposed by Judge Aldrich in each case. Sixteen were from the hamlet of Concord including a number of women.

The greater part of the morning session was taken up in naturalization proceedings, 35 applicants for citizenship having hearings.

Three civil cases are marked for trial before the jury at this term.

The petit jurors reported for duty at 2 o'clock in the afternoon, the jurors being as follows: J. M. Ahern, Concord; Harry C. Brunel, Concord; A. W. Clark, Manchester; Charles S. Currier, Manchester; Julius H. Firmin, Fitzwilliam; W. P. Fitch, Goffstown; George E. Forbes, Keene; Frank H. Hall, Dover; William C. Hall, Keene; Edgar J. Ham, Rochester; Frank J. Harlow, Stoddard; James Harrington, Littleton; Thomas W. Harvell, Amherst; Max Hawkins, Manchester; Herbert E. Hayes, Alton; A. W. Holt, Temple; Edmund H. Hull, Bedford; Fred L. Ireland, Dunbarton; Edward C. Marshall, Pelham; Elmer D. Moulton, Greenland; Clarence L. Perkins, Newbury; George Porter, Langdon; Frank E. Reed, Claremont; John W. Sleeper, Plainfield; George R. Smith, Frances-

PLAINS SOCIETY HAS SUPPER AND SOCIAL

The Portsmouth Plains Improvement Society secured another big success on Tuesday evening, when it served a baked bean supper to upwards of two hundred people. The menu consisted of baked beans, salads, pickles, delicious home-made pies, biscuits, coffee and apples and all this for the small sum of fifty-five cents to raise money for the society.

The society is handicapped by having no Community House and no kitchen but it is convinced that the women of the Plains, one and all, know how to tempt the appetite of all and are most untiring in serving their guests.

Mayor Bishop and many of our prominent business men were present as well as Sheriff Spinney of Rockingham County and well known people of Hye and Newington.

After the tables were cleared a real old fashioned dance was thoroughly enjoyed by old and young. Later the young people gathered around the piano and sang popular songs.

Mrs. C. H. Hayes who will reach her eighty-third birthday next month played the piano for dancing and stood at the head of the set in the Virginia reel.

To those who are unacquainted with this young society we will say take the car and go to the Plains whenever you are invited to a social gathering under its auspices.

The affair was in charge of Mrs. Hayes, assisted by Mrs. Fred Noyes, Mrs. Roscoe Newell, Mrs. Stanton Freeman, Mrs. Milton Schuman, Mrs. Florence Cummings, Mrs. Arthur Clark, George L. Clough, Arthur Cook, Lawrence Hayes and Benton Hoyt.

PERSONALS

John K. Bates has been on a business trip north.

Harry L. Hartford is out after a week's illness.

Mrs. Barrett Wendell of Boston is passing the day here.

John G. Parsons was in Boston on Wednesday on business.

Freeman B. Garrett has joined the staff at the Atlantic Corporation.

Miss Blanche I. Fisher is visiting Mrs. W. A. Nelson in Ansonia, Conn.

Mrs. R. J. Beacham of State street has gone to Albany, N. Y., to pass the winter with her son.

Mrs. Justin D. Hartford has returned to Rockville after a visit in this city with relatives.

Mrs. Albert Wedderburn of Summit street passed Thursday in Elliot as the guest of her parents, Mr. and Mrs. Davis.

Mrs. Jenkins and daughter Mildred of East Rochester, N. H., are guests of Mrs. Frank Fraser of Brewster street.

Judge James W. Locke of Jacksonville, Florida, a summer resident at Killary on Thursday received another milestone in life's journey.

Mrs. Eunice T. Garland who has been the guest of Mr. and Mrs. Samuel W. Moses, left on Thursday to visit friends in West Hye.

Thomas Ross Edinger, U. S. N., and wife who have been in New York the past ten days, leave Saturday for Indianapolis, Ind., to visit Mr. Edinger's former home. Mr. Edinger was formerly Miss Dorothy Tucker of this city.

Mr. and Mrs. Calvin Rutland of Rockingham, N. H., left this morning on an extended trip to Birmingham, Ala., by way of New York, Niagara Falls, Baltimore, Md., Philadelphia, Washington and Norfolk, Va.

William L. Condon, assistant engineer in the New Hampshire National Bank, has returned from his annual vacation which he passed at San Antonio, Texas, as the guest of his son, Lieut. Chester L. Condon who is on duty at Fort Sam Houston.

Mr. and Mrs. John J. Sullivan, who were recently married at York Harbor, are enjoying an automobile trip through the White Mountains. Upon its conclusion they will occupy the residence at York Heights. Mrs. Sullivan was formerly Miss Vivian Small and was the district nurse at York for the past two years. The groom is father in the York Bank and also town clerk.

ST. JOHN'S CHURCH

On Saturday, All Saint's Day, Holy Communion will be observed at 6, 7, 8 and 10.30 a. m.; morning prayer, 10.15 a. m.; evening, 7.30 p. m. This is a special day of obligation and all communicants are urged to attend the services.

The mission to be conducted next week by Rev. Harvey Officer of West Park, N. Y., is sure to be of great interest and benefit to all who attend. Father Officer is a speaker of much ability and has preached to the men of many of the large colleges of the country. He is also a musician and has composed several songs. These services are planned to be interesting to non-church goers as well as regular attendants, and no collections will be taken.

The work at Atlantic Heights is being ably conducted by Deaconess Ethel Peres. A branch Sunday school is held each Sunday afternoon at the school house and is well attended.

All the services at St. John's last Sunday were largely attended and very interesting. Much credit is due the men and boys of the choir who give their services to the church, and the music is much enjoyed and appreciated by all. The rector and wardens are untiring in their efforts to promote the work of the church and to assist individuals.

The new lighting system, recently installed in the church, is of great advantage, and adds greatly to the cheerful surroundings.

The National Campaign of the Episcopal church in December is not an effort simply to raise funds, but is primarily designed to awaken indifferent members of the church and to interest those in religion who have no church connections. St. John's Parish will be active in the work of this great campaign in this vicinity.

Members of Union Rebekah Lodge, No. 4, wishing to attend the funeral services of our late sister Belle Hanson, will please meet at Old Fellowship Hall Friday at 1.15 p. m.

Per order
JOSEPHINE L. DREW,
Noble Grand
LIZZIE H. ANDERSON,
Rec. Sec.

WATCH OUT FOR THE HOODLUMS ON HALLOWE'E'N

Police Will Stop the Repetition
of Vandalism of a
Year Ago.

Watch out for the hoodlum element Friday night throughout the city. A year ago it will be remembered that the hoodlums ran wild in this city and damaged or carried a loss to much valuable property. They went beyond the degree of innocent fun and amusement and made the night hideous.

The police are going to put a stop to this vandalism this year if it is possible to do so and hoodlums will come to grief if they engage in such work as that of last Halloween.

PLEASING MUSICALS

Given at Wentworth Home by
the Misses McIntire.

At the Wentworth Home for Chronic Invalids on Pleasant street last evening a musical of interest took place, this being provided by Miss Helen McIntire, violinist, assisted by a group of her pupils and was given to entertain the patients at the Home.

It was an especially pleasing program and the pupils of Miss McIntire gave evidence of the good work of their teacher. The variety of the program made it all the more enjoyable and the patients who were able came down stairs, while others up stairs all within hearing, the program being given early in the evening as the patients retire early.

Miss Helen McIntire assisted at the piano. The orchestra consisted of three boys, Frederic Gray, Samuel Gelman, Samuel Goldstein, and Miss Frances Hunt and with Miss Helen McIntire made five violinists. Ten enjoyable selections were given, the program being as follows:

March, American First and Last
Violin Orchestra.
Duet, Merry Wives of Windsor
Violin Orchestra.
Mandolin and In Tulp Time
Miss Helen McIntire, Miss Hand.
Meditation (Religious)
Violin Orchestra.

Violin solo
Miss Helen McIntire
Mandolin duet, Dear Heart
Miss Helen McIntire, Miss Hand
Waves of the Danube
Violin Orchestra

Miss Helen McIntire
In Merry Mood
Violin Orchestra

Till We Meet Again
A social time followed and it was a most pleasant evening for both guests and patients.

Miss Jessie McFarlane, the efficient mother of the institution, was untiring in her efforts to make the evening enjoyable and the care and thoughtfulness she shows for the inmates is at once seen by the visitors to the institution.

It is a thoughtful act to arrange these musical occasions for the "shut-ins" and the efforts of the Misses McIntire were much appreciated.

The latter part of October has brought to the Home several pleasant occasions. Mrs. Florence Marshall Wilkes came one afternoon recently and gave an hour or more at the piano of musical selections, both vocal and instrumental, rendered in her usual tasteful and skillful manner. Last Sunday afternoon Rev. Alfred Gooding of the Unitarian church, assisted by the choir and organists of the church, held a religious service at the Home, at which Mr. Gooding's admirable reading of scripture and poetry, and the excellent rendering by the choir of

THE REASONS FOR REQUESTING THE PUBLIC TO CON- TRIBUTE FIFTEEN MILLION DOLLARS TO THE AMERICAN RED CROSS

"The primary object of the campaign is to enroll members for the year 1920, but there will be, in addition, a general appeal for Fifteen Million Dollars, to enable the Red Cross to complete its war obligations at home and abroad.

"During the war there were two annual campaigns, the War Fund Drive in the late spring and a Christmas Roll Call for membership. The only campaign this year will be the one in November and in succeeding years there will be an annual Roll Call in which the Red Cross will seek the reaffirmed allegiance of the American people expressed in dollar memberships.

"The first task of the Red Cross is, of course, to complete its obligations to American soldiers and sailors. The great organization plans, as its future policy, to concentrate its efforts upon peace problems at home, unless America should again be involved in war or confronted by great disasters creating special emergencies. The Red Cross programs are primarily within the field of Public Health and will aim particularly to cooperate with official activities, Federal, State or Local. The Red Cross will seek not to duplicate the work of established organizations, but will endeavor to supplement other agencies where they already exist or to stimulate and organize work where none such exists.

"The great work which the American Red Cross did during the war has, however, left a continuing obligation, which cannot be fulfilled for some months to come.

"It is believed that the end of these foreign obligations is in sight and the Red Cross is turning its chief attention and energy to the development of a clearly defined home program, which already includes systematic preparedness for Disaster Relief, a widespread Nursing plan, continuing Home Service operations, First Aid instruction, and a Junior Red Cross program."

FLYNN GETS DECISION OVER AL NELSON

Paddy Flynn of Everett, late of the U. S. Navy defeated Al Nelson of Manchester and the Atlantic Corporation, in one of the best bouts for years, before a great crowd at the Rockingham A. C. show at Freeman's hall on Wednesday evening.

It was the feature bout and as there has been more or less feeling between the two boxers, the fans looked for a warm contest and they were not disappointed. Flynn however, had all the goods on Nelson, he outboxed him, and out-fought him in every round with the exception of the tenth and the eleventh when Nelson desperate made a game effort to come back but while he landed effectively he lacked the punch to do any damage.

Flynn is a very good boxer and a game fighter, but he is too fond of playing to the gallery; a trick that sometimes will lay him open to a sleep producer. Both men were in the pink of condition, and without any delay got going fast. Flynn has an effective left jab which shot him Nelson worried and also cut him up considerably. Nelson at first played for the body, but Flynn covered so effectively that he shifted and in the tenth and the eleventh he jabbed Flynn repeatedly scoring on the jaw and head but there was no steam back of his punches and they did not slow up the ex-soldier.

The last round was a whitewash with Flynn cutting loose with all he had and Nelson hanging on to save himself although apparently willing and game to the last. Jerry Moore who was the third man in the ring gave Flynn the decision and it was well received. Moore who is the referee at the Portsmouth Club of Boston is a clever man in the ring and he kept the men going without much fuss.

In the semi-finals Bush O'Neill of Lynn and Johnny Martin of East Boston went eight rounds to a draw. It was a first bout and both boys were in the shape and both are clever little fighters who box well and are not afraid to mix it up. Martin had the best of several rounds on points, but O'Neill was aggressive and forced the fighting a good part of the time. The decision of Referee Cragen who was the third man in the ring in the first two bouts, was well received.

In the preliminary St. Hillman of Somersworth got the decision over Kid Chambers of Hildesford in six rounds. It was a good lively bout and many of the crowd thought that Chambers should have had a draw at least. Cragen however did a good job in both fights and without the fuss that some men make.

The entire show was a good one and the crowd demonstrated that they will attend any show that looks as though there was going to be a lot of action.

Great pastor of the Unifarian church, Mrs. Polson was in her 85th year.

The annual parish supper of the Unifarian society is to be held in Unity hall this evening. An interesting feature of the event will be the visit of Rev. Joel H. Metcalf, minister of the Unifarian society of Winchester, Mass., an astronomer of note, who will give an address.

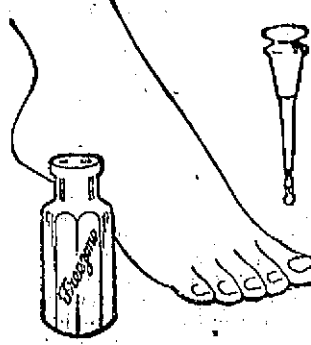

An event for which members of the Methodist society are preparing is the festival of Harry Box, a tenant, who will be heard in the church vestry on the evening of Nov. 3.

Hallowe'en events this evening will include a masquerade in the town hall, with music by a Dyrham jazz orchestra.

A real estate transaction recorded at the Rockingham county register of deeds Wednesday was the sale of land on Front street owned by Minnie Gilman to A. E. and C. Hayes, deuces.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off an unhard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

WERNER HORN GUILTY OF DYNAMITING BRIDGE

Frederickton N. B., Oct. 29—Werner Horn was found guilty today on the charge that he dynamited the Canadian end of the international bridge at St. Croix, N. B., on Feb. 2, 1915. The jury was out only thirty minutes.

Horn, who conducted his own case, said he was a German officer and acted under orders of the German Government. Horn claimed that his country was at war with Great Britain, he was not amenable to civil law—the same plea virtually he made four years ago in the United States.

Deputy Sheriff Gen. W. Ross of Vancouver, B. C., testified that Horn remarked after his arrest that there was work for him to do in America and that he was given a nitro-glycerine bomb, the blue prints of the bridge and its surroundings and sent to St. Croix to blow up the structure. The damage to the bridge was slight.

PANNAWAY CLUB COSTUME PARTY

The Pannaway Club, a new local organization, composed of local people and with a future of promise, held a delightful social gathering Wednesday evening, the affair being a Halloween costume party. It was held at the club house, the former Edmund James home, which was recently purchased by the organization.

The house had adorned appropriately for the occasion, crepe paper festoons in the hall, autumnal foliage and dogwood branches. The windows of the dining room were paneled in crepe paper and the rooms were lighted by candles. A large party was present, the guests arriving in the early evening. Halloween games and contests made much merriment for all and everyone seemed to enter into the spirit of the occasion. They bobbed for apples and a doughnut contest and a rubber catting contest made no little fun for the party. Everyone present was in costume, many being appropriate for Halloween and others representing different characters. Before supper was served partners were taken for a march and E. Curtis Matthews called each couple to the center of the room and before they unmasked guests were made by the company as to their identity. A supper furnished the supper which consisted of chicken salad, scalloped oysters, assorted sandwiches, fancy pies, cake, ice cream and coffee. Dancing occupied the remainder of the evening, the Virginia Reel and some of the old fashioned dances being given the preference. The party broke up after eleven o'clock, the consensus of opinion being it was a decided success. It is hoped other such pleasant gatherings may be held in the future, especially during the warm weather when boating and out-of-door parties can be enjoyed in and around Sagamore Creek.

Mrs. E. Curtis Matthews and Mrs. Albert D. Foster were in charge of the supper. Mrs. Helen B. Walker, Mrs. S. H. Banks and Mrs. Ray Poy arranged the decorations.

The officers of the Pannaway Club are:

President, H. Clyde Margeson.
Vice President, E. Curtis Matthews.
Treasurer, Ralph W. Jenkins.
Clark, Jerome Waldron.

PORTSMOUTH RETURNS FROM SEA TRIAL TRIP

The U. S. S. Portsmouth returned to the North End dock at 11 o'clock after a twenty-four hour successful sea trial. She had aboard various officials of the Merchant Marine bureau of American Navies, and U. S. Inspectors. She will be turned over to the Shipyard Board within a few days.

Why You Should Buy Coal Now

The price of coal is 75 per cent determined by wages. The wage agreement at the mines continues until April 1, 1920. The Fuel Administration reports that 35 per cent of the mines cannot make any money at the present mine prices. In view of this, how can coal be cheaper this year?

WE ADVISE YOU TO PLACE YOUR ORDER NOW
FOR COAL FOR NEXT WINTER.
